Education

San Jose State University - San Jose, CA   **2014 - 2019**
B.S. COMPUTER SCIENCE
GPA: 3.4

Work Experience

APPLE INC, San Luis Obispo, CA   **November 2019 - October 2021**
Genius: Used diagnostic, communication, and people skills to assure Genius Bar customers of swift resolutions to their technical issues. I educated my team members about products and solutions, while independently keeping my own technical know-how up to date. I provided hardware and software support in a customer facing role while using effective time management skills.

DIRECT ATHLETICS, New York City, NY.   **June 2018 - December 2018**
Software Engineer Intern: Worked on improving the speed of the TFRRS.org website and adding new features. Key tasks included moving caches to be handled by AWS Cloudfront, creating new features using Perl and the Mason Framework on the backend, and using Javascript for faster page load times and more responsive page elements. Worked with large amounts of data on a remote server to display race results in a customer facing interface.
